THE INNOVATORS OF COMFORT™

THE COMFORT COLLECTION 2009/2010

EKORNES®

STRESSLESS® – THE COMFORT STORY

Every handcrafted Stressless® has a story. And each of those stories begins and ends with the word “comfort”. Making the world’s finest recliners involves thinking and rethinking the word “comfort” for over 30 years. That does not mean that we compromise on look and style, as you will see. But what it all comes down to is how your body reacts when seated. That’s where a Stressless® redefines comfort as you know it.

You see: Every detail in a Stressless® is there for a reason. Their sole purpose is to make you as comfortable as possible. In our quest to make the ultimate recliner, we have invented technologies that put a Stressless® two steps ahead. Like the Plus™ System, the Stressless® glide system and the patented headrest. But enough talk: The only way to fully understand true relaxation, is to go out and try one. Today.

Comfort test™

- Are the height and width of the chair right for you?
- Is the ottoman positioned in the right place to give you maximum leg support?
- Does the chair and ottoman move with you as you shift positions?
- Does the gliding movement smoothly adjust to your body weight?
- Does the chair provide good lumbar support in all positions?
- Is your head supported comfortably as you lie down to read or watch TV?
- Can you adjust the headrest so that it lies flat when you recline?
- Do you have the feeling that the seat back reclines sufficiently?
- Are you aware of how your entire body relaxes?
- Is the recliner complemented by a matching reclining sofa?

FITS LIKE A GLOVE

It would be unfair to tailor the world's most comfortable recliners and sofas to fit just one body type. Just as our individual tastes vary, so do our bodies. That's why most Stressless® designs are available in up to three sizes, as one size does not fit all. Visually, the differences are subtle, but sit down and you'll realize that a recliner customized to your body makes all the difference.

One way to find your perfect recliner, is to take the Stressless Comfort test™. It only takes a few minutes, and guides you through the world of advantages and patented features a Stressless® offers. It's worth investing some time in a more comfortable way of life.

DISCOVER THE SECRETS OF PERSONAL COMFORT

The headrest adjusts automatically, so you can read and watch TV, even in a reclining position.

The Plus™ system adjusts the lower back support simultaneously with the headrest. Upright or reclined, you're always perfectly supported.

Lower the headrest to the sleep position with one simple movement.

Adjust the Stressless® Glide wheels to the setting of your desire. You can automatically shift to any seating position simply by using your body weight.

Easy-to-move ottoman features built-in Glide system that adjusts to your body movement for ultimate comfort.

ON INTERNAL MECHANISM

- ① Space-age foam is molded directly over the frame, to cushion your body.
- ② An additional pad of soft space-age foam ensures optimum comfort.
- ③ Super-soft polyester fiber cushions your body and ensures an attractive look.
- ④ Durable steel frame and flexo springs for superior resilience and continuous support.
- ⑤ Plus™ system provides continuous support for your head and lower back. Double-sided mechanism ensures maximum stability and functionality.
- ⑥ Genuine top-grain leather or fabric covers the entire seat, for a luxurious look and feel.
- ⑦ Unique Stressless® Glide system automatically adjusts to your body weight.
- ⑧ Two-stem base adds superior stability.
- ⑨ For maximum mobility, swivel actions lets you easily turn 360°.

GLIDE INTO COMFORT

A Stressless® is a mechanical wonder. Why should we put less effort in making the perfect ottoman? You might not have noticed, but as you lie back in a recliner, your legs move slightly forward and your feet move down. A genuine Stressless® Ottoman recognizes this comfort detail. It automatically adjusts as you recline allowing for increased circulation, to maximize the comfort. The patented, built-in glide function makes the world's most comfortable recliner even more comfortable. What's more, you can lock the position and use it as an occasional seat. **Never sit or stand on the ottoman when it is not in the locked position.*

STRESSLESS® BLUES – A PHRASE RECOINED

Stylish, sleek, soft, sophisticated: Stressless® Blues rests as well in the corner office as it does in your living room. The next generation to last year's award-winning design Stressless® Jazz, the Stressless® Blues is our new flagship recliner. With patented Stressless® features, it combines a modern steel frame and a more classical Stressless® design to create a new fusion of comfort and style. Staying home with the blues has never felt this good.

DIFFERENT SIZES, SAME GREAT LOOK

This year, we have introduced a selection of Stressless® sofas available in two sizes. The seat depth, adjustable backs and choice between high- or low-backs stay the same. It's the width we've adjusted, so even more Stressless® seating can be tailored to your body type. Applies to most of our Stressless® sofas.

THE SMOOTH STYLE OF JAZZ

Stressless® Jazz is a harmonious fusion of function and comfort that we've spent 35 years refining. Its elegant lines, smooth surfaces and stainless steel curves fit comfortably in the most contemporary of living spaces. And, of course, with our trademark Stressless® comfort, Stressless® Jazz sets just the right mood.

The Stressless® Jazz and ottoman can be adjusted to match your height. Adding or removing any of the three rings on the base allows you to choose between low, medium or high settings.

MIX, MATCH, SIT

Sofas serve different purposes. Some are for lounging back and watching television, others are for welcoming guests around the table. Some are suited for long, lazy afternoons. Whatever your demands are, we have the right model to meet them. The choice between high- and low-backs is simply another example.

HEAVEN IS A TWIST AWAY

A Stressless® is engineered to be more stable, to recline further and to adjust smoother. It simply delivers what our customers have come to expect.

That means it's more responsive to the way your body moves. You never have to force it to do anything – move, and it moves with you. Your key to it all is the Stressless® glide wheel. Adjust its tension to suit your personal needs.

Thanks to our double-stem base, you can swivel 360 degrees and never feel a hint of instability.

SIZE MATTERS

We keep coming back to sizes. That's because we can not emphasize enough the importance of finding a sofa or recliner that's practically built for you. With Stressless®, that's possible.

All of our Stressless® recliners are available in multiple sizes and several of our sofa models are as well. The Granada and Eldorado, for example, are essentially the same design in varying sizes. You decide which model is the right fit for you.

IT DON'T MEAN A THING IF IT AIN'T GOT THAT SWING

Why name a table Swing? Because that's what you do with it when you're through using it. The Stressless® Swing Table is another accessory that optimizes the pleasure of the world's most comfortable recliner. This small, versatile table carries your remote, your cup, your book or whatever else you like to keep handy. It fits most recliners with our famous round base, except Stressless® Vision, Spirit, Dream, Jazz and Blues.

CAREFULLY SELECTED FABRICS

Not all fabrics can become a Stressless® textile. In fact, it took our international group of experts more than a year to narrow it down to those few qualities that meet the demands of our new fabric series. On top of being flame-retardant, environmentally-friendly, super-strong and still smooth, they also have to follow the latest trends in color and texture.

Why not combine fabrics and leather in a dynamic home environment? The colors and textures of our new fabric series blend perfectly with a leather upholstery. For examples, see Stressless® Arion on page 17 or Stressless® Wave on page 35.

FOLLOW THE ACTION

Did you know that you move more than 300 times while watching a movie? All those unconscious twists and jerks have to be dealt with, or you'll end up feeling tired and restless. Stressless® Home Theater seating adjusts to your every move, and has the patented Plus™ system which lets the neck support move in parallel to the lumbar support. Add height-adjustable headrests, and you're good to go for hours in front of the screen.

ENJOYMENT IS WITHIN REACH

Have you noticed how remotes, popcorn, sweets and other valuable items tend to clutter your home theater? With Stressless® Home Theater seating, that's no longer a problem. Place them on, or even inside the Stressless® Double Ottoman or the Sector Table and armrest. You see: when we make furniture, it's all thought through – all the way up to the closing credits.

EKORNES® OFFERS FOUR TYPES OF LEATHERS – EACH IN A FULL RANGE OF COLORS

BATICK

A corrected aniline-dyed, pigmented and grain-embossed upholstery leather, which has had most of its natural marks removed. The protective layer of lacquer allows spills to be easily removed. Easy to clean and attractively priced, Batick is a popular choice for those who want a more resilient leather.

PALOMA

An aniline-dyed upholstery leather with a combination of dyes and pigments in the finish. Paloma has a natural grain pattern with visible natural marks. The light finishing treatment improves the physical properties and provides a more uniform color. Paloma has been developed to produce a very soft, rich and friendly feel. The preferred choice of those who want a soft, authentic look in leather that breathes well.

CLASSIC

A corrected aniline-dyed, pigmented and grain-embossed upholstery leather, but with a larger pebbled grain and thicker than Batick. Most of the natural marks are removed; however, some may still be slightly apparent. A protective layer of lacquer allows most types of spills to be easily removed. For this reason, Classic is a popular choice for many families.

ROYALIN

The heaviest and most exclusive Ekornes® leather type. Royalin is an aniline-dyed, upholstery leather with a natural pebbled grain with visible natural marks. A very light surface treatment has been added for protection. A natural leather that breathes well, it has a soft feel and a rich, warm glow.

EKORNES® LEATHERS:

- All our leather types and colors are through-dyed.
- Some colors have been enhanced with a two-tone effect.
- Color nuances are normal and to be expected.
- Leather absorbs moisture and breathes.
- Color changes will occur with time, as a result of use and the effects of light.

LEATHER UPHOLSTERY

Leather is a vibrant and beautiful upholstery material. The play of color in leather and its natural markings make each piece of furniture unique. Leather upholstery ages with style, acquiring a signature look that adds depth and character.

IMPORTANT INFORMATION IF YOU ARE BUYING LEATHER FURNITURE:

Leather is a natural product, color nuances are normal and may vary slightly from one product to another. The leather is sensitive to direct sunlight, stains and perspiration. Color change will occur with time, due to use and the effect of light. Marks left by scars and insect bites are natural features of this leather. Keep furniture protected from direct sunlight and heating sources. Please advise that bright white leathers are subject to greater risk for discoloring when in use, for instance through rubbing off from strongly colored clothes. Ekornes® can not accept liability for such damages. Please be cautious.

OUR LEATHER QUALITY

Leather is a beautiful and vibrant upholstery material. Ekornes® buys upholstery leather from leading tanneries from all over the world. The leather selection process, overseen by our own inspectors, implements the most stringent international quality control standards. Every piece of Stressless® and Ekornes® leather furniture reflects our distinguished taste for the finest leathers available.

Ekornes is now introducing its own leather care series. The Stressless® Leather Care kit contains a leather cleaner and a protection cream. The protection cream should be applied to all leather surfaces (headrest, armrest, seats, etc.) when your recliner is

new. This nurtures the leather and makes it more resistant to stains. For later treatment, we recommend that the leather is cleaned with the Stressless® Leather Cleaner at least every 6 months. Always apply protection cream after cleaning. This gives you the best leather maintenance available.

The kit comes in three different sizes and can be purchased at your local Stressless® dealer. These are the only leather cleaners and protection creams that are approved by Ekornes®.

Fabric

Stressless® offers you a completely new feeling of comfort; five contemporary, warm and luxurious fabric collections that complement our range of four leather categories. Choose from Dinamica, Cocoon, Natura, Oasis and Placidus ranges, all available in a wide range of colors on specially chosen models, so you'll find the perfect match for any interior.

About fabric

Please note that color changes will occur with time, as a result of use and the effect of light. Furniture should be protected from direct sunlight. To prolong the life and the appearance of the furniture, the fabric upholstery should be regularly vacuumed and professionally dry cleaned.

The Stressless® wooden colors

Made from laminated European beech, a light colored wood with an attractive grain, exceptionally suitable for staining in various colors. Also, the strength of the wood makes beech furniture extremely durable.

EKORNES® CORNER TABLE

The free-standing Corner Table fits perfectly between two Stressless® recliners, two sofas or a recliner and sofa. An ideal solution for home theater seating, or for any grouping when space is at a premium.

W: 15" H: 19 1/4" D: 24 1/2"

EKORNES® ELLIPSE TABLE

Flexible and easy-to-move, our Ellipse Table keeps everything at hand wherever you choose to sit. Simply slide it in close to maximize your comfort zone.

W: 9 3/4" H: 7" D: 9 3/4"

STRESSLESS® ARMREST TABLE

This table is made for the Stressless® Arion, Space Medium, Space Large and Wave. Place the armrest for convenience when sitting and relaxing, or simply take it off or move it when not in use.

STRESSLESS® DOUBLE OTTOMAN

The Double Ottoman has plenty of leg room for two, plus ample storage space inside. The optional table top serves as a handy refreshment table that can be placed on the ottoman when needed.

W:47" - 60 1/2" H: 17 1/4" D:24"

STRESSLESS® OVAL OTTOMAN

The Stressless® Oval Ottoman has a removable pillow, thus doubling as a convenient table. When you don't need it to rest your feet on, simply store it below the tabletop.

W:37" H:16 1/4" D:19 1/4"

STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN

Our ottoman is ingenious in at least two ways. It has a built-in tilt system, which makes sure the angle of the ottoman is adapted to your sitting position. It also has room for all the extras, under its removable top. The ottoman comes in two sizes.
